REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

During the 2012-2013 school year, Congaree-Wood Early Childhood Center satisfied the requirements established by AdvancEd and supported Lexington School District Two in achieving full accreditation. Being identified as an early childhood center has not stifled our high academic expectations. We pride ourselves on delivering rigorous instruction for our students under the age of eight years old. Through purposeful instruction, we have maintained our report card ratings of Excellent-Good for 2012 and will continue to challenge our students academically to improve our ratings.

We are in the initial stages of our partnership with United Way's Midlands Reading Consortium. This partnership allows volunteers (including local high school students) to come in and tutor or mentor identified students. Additionally, teacher cadets from our two district high schools work with our students in the classroom. It is our goal to continue these types of partnerships as we have received positive feedback from the volunteers as well as the classroom teachers. Through this partnership, along with the South Carolina Department of Education, each student preK - 1st (including special education) received 8 books to begin their home libraries in order to encourage literacy development. The goal of the program is to encourage literacy development and decrease summer learning loss or regression.

Student data indicates that our students are indeed making academic gains. As part of our RTI program, we secured two literacy interventionists who worked with small groups of struggling readers. A data analysis of this program indicates that 78% of our first grade students met the end of year target for reading.

For the past five years, our child development classes have performed above the district average on the DIAL-3 assessment. This assessment is used to identify young children at-risk or with delays. Kindergarten and first grade students have made gradual increases in performance on the Developmental Reading Assessment (DRA). Based on the results of this assessment, teachers are able to differentiate instruction to meet the changing needs of their students. We are continuing to implement Habits Of Mind through our morning announcements and curriculum integration. Our character education program is also aligned with the 16 Habits of Mind in effort to promote social and emotional growth for all students.

As a school, we collected personal health items to donate to Rapha Residential Nursing Home. Additionally, we participated in Jump Rope for Heart through our PE program collecting over \$4,000. Aluminum can tabs were collected to donate to the Ronald McDonald Charities. Our Green Team was presented with an award for Top Recycling Elementary School.

Congaree-Wood Early Childhood Center provides a great foundation for the early learner. It is our belief that developing the social, emotional, and academic growth of all students will contribute to a society of life-long learners.
